

Shared views and perspectives

How do contributions and viewpoints become shared?

Makes people's contributions and viewpoints available to one another through shared representations, structured discussion, role framing and control over what is disclosed.

DESIGN CHOICES

Shared work and awareness

RETAINED DISTINCTIONS

FC090
shared co-constructed representation

FC091
visibility of others' state and judgment

Viewpoints and exchange

FC092
perspective-taking and viewpoint framing

FC094
role or persona framing of the interaction

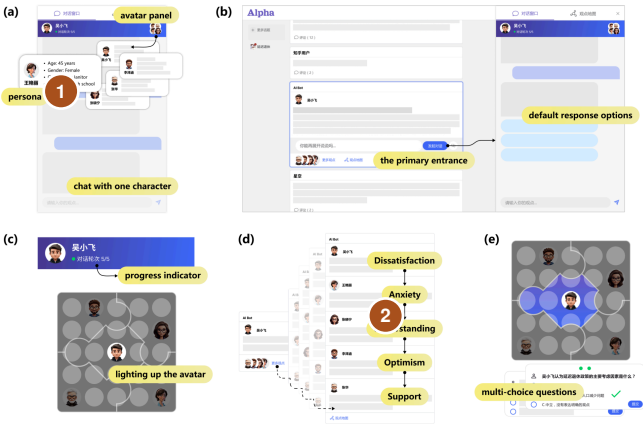

FC093
structured deliberation and perspective exchange

Control of disclosure

FC095
disclosure and privacy control

Recorded form · FC090: Shared workspace for joint work (VA065).

PAPER ILLUSTRATION · FC092

1. Distinct stakeholder profiles 2. Progressive viewpoint sequence
Personas expose distinct stakeholder positions; separate controls support dialogue and staged exposure.
